In my small group, I..	YES	NO
Shared my thinking by sharing new ideas, asking new questions, or asking for clarification from others.		
Listened actively to others by rephrasing, repeating and/or reusing the ideas of others and/or by asking others to repeat their statements or to clarify ideas when they are difficult to hear or understand.		
Respectfully gave critiques to others about their explanations, models, investigation plans, or questions by using observations, data, or evidence and asking questions.		
Invited others to share their thinking.		

2. Choose one statement (from above) for which you checked NO, or that you think you can improve on.

3. Write down 2 ideas for what you can do to contribute more productively in small group collaboration. (Refer to our classroom norms to help you choose.)
